

# Artist Led Workshops

**dot-art Schools** works with a wide range of artists to offer your school one-day artist-led workshops in a variety of different techniques, media and subjects. All our workshops are delivered by experienced artists with full DBS clearance and public liability insurance, and can be tailored to meet your specific requirements.

<b>Artist</b>	<b>Faith Bebbington</b>
<b>Workshop</b>	<i>Protest Plants – Anti-Racism Workshop</i>
<b>Details</b>	<p>Schools will create a Protest Plant - a large freestanding sculpture featuring hands as the branches and leaves. The plant will incorporate slogans in the palm of the hands and around the base. Following initial discussions about racism (and school preparation prior to the session) pupils will come up with their own protest slogans to visualise their opinions and hopefully make a positive impact on them and the audience for the work. The slogans or sound bites will look similar to circular badges used in the past to make personal protests. The base of the plant will be rainbow colours to signify diversity.</p> <p>The piece will be made using simple recycled materials such as newspaper, cardboard and tape to construct the sculpture, then decorate the surface using papier mache.</p> <p>Faith will also introduce the work of Anthony Walker Foundation to the school, either by showing a short film or encouraging the school to consider buying in one of their resources as preparation for the workshop. <a href="https://anthonywalkerfoundation.com/workshops-and-costs/">https://anthonywalkerfoundation.com/workshops-and-costs/</a>.</p> <p>PLEASE NOTE THIS IS A MINIMUM TWO DAY WORKSHOP</p>
