# WE NEED YOUR HELP

Many schools would love to take part in dot-art Schools, but budget cuts have made it a challenge. We need people and businesses like you to make a small contribution to allow them to get involved.

For a donation of £345 +VAT you're enabling a school to take part for one year and helping sustain dot-art Schools.

In return, as well as the knowledge you are making a huge difference to the lives of children and young people in your region, you will receive:

- Your logo and weblink on the portfolio page of the school you are supporting (we can either assign you a school in need of help or you can pick one close to your heart!)
- Your company name listed as a dot-art Schools Champion on the website.
- A special dot-art Schools Champion logo to use on your own website.
- Invitations to the prize giving event and exhibition launch in June.
- A tree planted in your name as part of dot-art's pledge to the Ecologi community to tackle the climate crisis.

Continued cuts to the arts curriculum in schools, mean more and more children and young people are not being offered the chance of a rounded, creative education.

The creative industries are currently growing at TWICE the rate of the rest of the economy and a huge proportion of future jobs will have creativity at their core.
